# The N-Word Intervention Project

## Unpacking Incidents Involving the N-Word

Prepared for  
Pre-K – 12th grade  
Administrators,  
Teachers, Staff,  
Students, and  
Families

## Situational Overview

The *N-Word* Intervention Project is a one-of-a-kind comprehensive bundle of services and products including curriculum, training, resources, tools, workshops, and presentations to help adults and youth address issues, topics, and situations involving use of the *N-Word* among youth and in schools.

It was created with feedback from Pre-K – 12th grade administrators, teachers, staff, parents and caregivers, and *students*, and utilizes Illinois Learning Standards, Social Justice Learning Standards, and Social-Emotional Standards to ensure learning is intellectually and developmentally appropriate.

The *N-Word* Intervention Project offers Pre-K – 12 schools and school districts a structured program to educate and engage its school community on how to productively respond when the *N-Word* is used in a school setting.

It is designed to help adults and youth confront and navigate the pain, outrage, defensiveness, defiance, fear, and refusal to engage, associated with usage of the *N-Word*.
